

HP-RTM (High Pressure Resin Transfer Molding)

HP Compression RTM Process Sequence

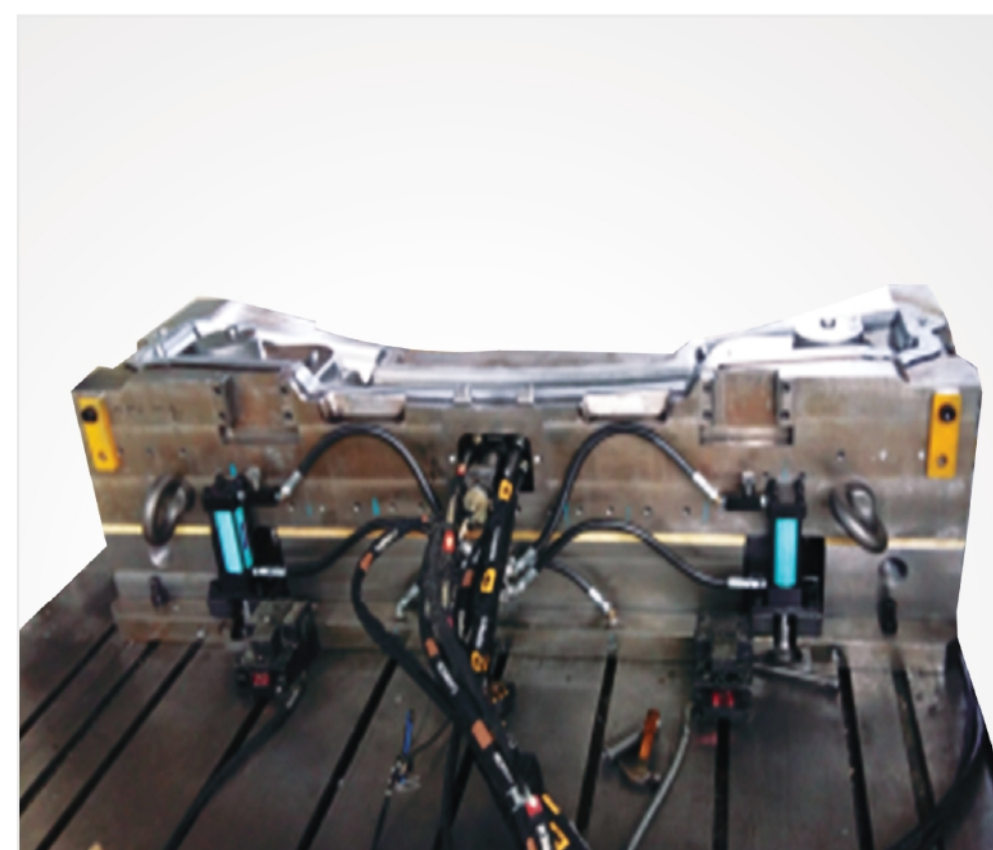

● Composite Molds

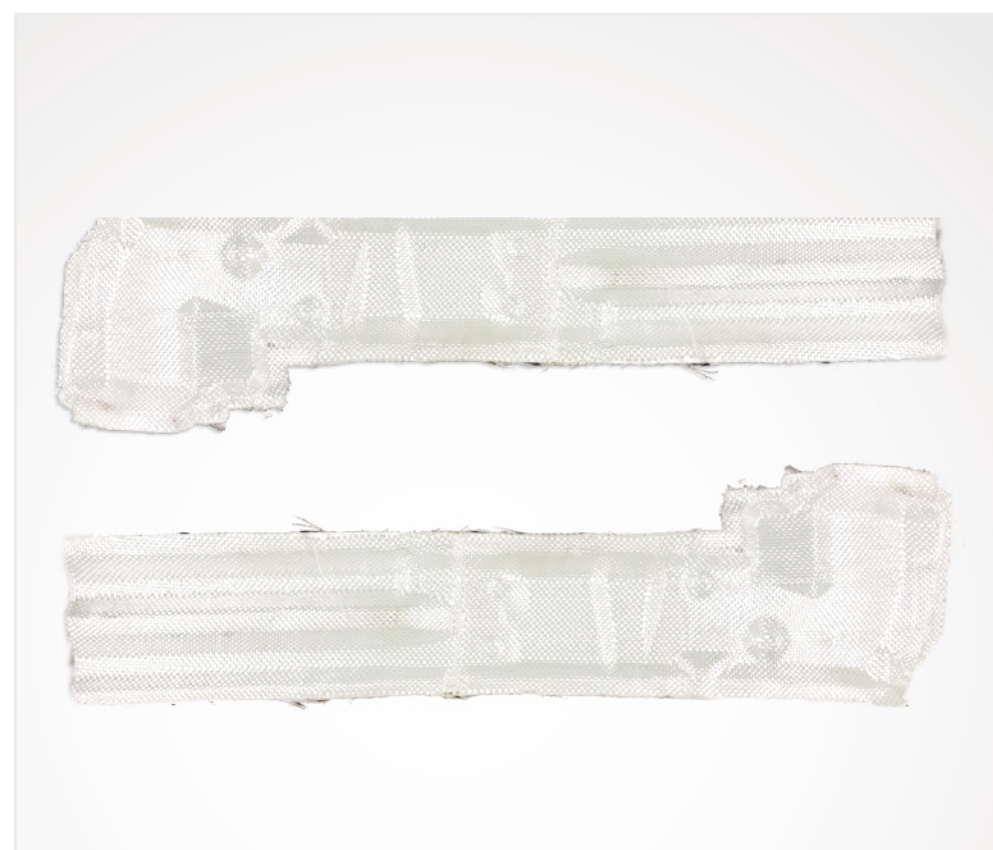

Preform Mold

Panel Reinforcement Bar Mold

Preform Part

Grill Inner

Panel Reinforcement Bar

● Technical Specifications

- Mold Temperature : $170 \pm 3^{\circ}\text{C}$ / $120 \pm 3^{\circ}\text{C}$
- Working Vacuum level : about 0.2~0.3bar
- Material : C/F & Epoxy etc.
